DAY-10

Date
Page No.

:- PASTE SPECIAL :-

(☆) formula paste → it paste the formula.

⊙ Keep source column width(W) → it does not change dimension.

⊙ Transpose → Header (Row) → become vertical (Column)

⊙ Values & Number formatting(A) → (Decimal)

⊙ Values & source formatting (E) → Bold, Decimal, highlight etc

⊙ formatting(R) :- only count "formatting" not a "content".

⊙ LINK :- paste link is like internal connection between source and their paste content

→ if change one then also change another

Date
Page No.

✡ picture paste :-

It make selected content picture which is "movable".

○ Linked picture(I) :-
